About This Plan

Look forward to planting roots in a home that all generations of your family will appreciate. Entertain in a flowing rhythm between the library, dining room and connecting foyer. Rest assured that guests will only see what you want them to see as a connected family room, breakfast area and kitchen lie concealed toward the back of the house. An expansive owner's suite commands privacy from all other bedrooms while taking up a corner, tucked away from the main level's common areas. Three bedrooms occupy the main level in addition to a bonus room, an easy-to-convert space that can be used as a bedroom with on-suite bath.
