## About This Plan

The Potomac is first-floor living in its truest and finest form. Not only is there a full suite for you on the first floor, but there's also one for a guest. You also have an office on the first floor, choose to add third bedroom for family and friends. This beautiful home features a spacious great room with optional fireplace, a large, welcoming kitchen and an optional outdoor living area. With the Potomac, you'll always have all you want and need, all on one level. You can also choose to add an upper level for additional storage, if needed.
