About This Plan

The Danville single-family home offers a craftsman's eye for detail that never fails to delight. Enter the welcoming foyer and be greeted by a formal dining area. A tucked away study near the 2-car garage makes working from home easy. The gourmet kitchen includes a huge pantry and a gorgeous island. Upstairs, a foyer leads to a dramatic double entry into the luxury owner's suite, with its tray ceiling, dual walk-in closets and a spa-like bath. Three more bedrooms with walk-in closets and access to a bath finish the floor. Complete the lower level for more living space. Don't miss The Danville. *Prices shown generally refer to the base house and do not include any optional features. Photos and/or drawings of homes may show upgraded landscaping, elevations and optional features and may not
