About This Plan

Consistently one of our best-selling floorplans, The Ellicott is a show-stopping home you and your family can be proud of. When you first enter the home, you will find a large recreation room, the perfect secondary entertaining space or children's play area. Up the stairway, you will find the main living space, a huge open concept design with a massive center kitchen island, dividing the area naturally into a comfortable living room at the front of the home and a dining room in the back. The kitchen is definitely the heart of this home, and with its stunning granite countertops, name brand appliances, large pantry, and built-in wine rack and coffee space, you are sure to love it. Upstairs, the owner's suite of your dreams awaits. This luxurious space offers lots of natural light from the front of the home, an
