4 Beds | 3 Baths | 1 Half Bath | 2 Garage

About This Plan

Step inside a home that has a real-life storybook feel across all levels of luxurious spaciousness. Avid auto collectors and households with multiple vehicles will appreciate the 2-car garage, with room to spare for tools and storage. On the main floor, the open concept family room, dining room and kitchen merge into the perfect hangout and relaxation grotto. Game nights, movie nights, snuggle up and doze on the couch nights there s room for everyone to do everything. In the unlikely event of crowding, the upper-level flex space and outdoor porches in the front and the rear offer easy escapes. You even have an option to add an additional bonus room with terrace and full bath. And when it's time to call it a night, the main level owners suite blissfully isolated from the three bedrooms
