## About This Plan

The elegant curved staircase is your first clue to the luxury that awaits inside the Hamilton. As you explore the home, you'll encounter more fine touches at each turn. Between the spacious family room and the gourmet kitchen is a hearth room, where your family will enjoy the warmth and beauty of the gas fireplace. You can admire a two-sided fireplace from inside or out when you select the optional outdoor living area. The kitchen provides ample counter and cabinet space, with more seating in the nearby breakfast area, perfect for early mornings with a cup of coffee and bit of quiet.
