4 Beds | 3 Baths | 1 Level | 2 Garage | 3,099 Sq Ft

About This House

The Tidewater at Homesite #89 could be your new dream home! This floorplan features four bedrooms, three baths, and a two-car garage. The main floor offers a huge central family room, luxurious owner's suite, upgraded Designer Select kitchen with double ovens and granite/quartz countertops, and wide-plank flooring throughout. The family room has a double-sided fireplace with an adjacent screened-in porch and paver patio, and the upper-level has a loft entertaining space with a bedroom, full bath, and unfinished storage area.
