About This House

The Beck is Stanley Martin's newest villa home design featuring a smart open-concept floorplan, 2-car garage, energy efficient features and outdoor living space. Enjoy main level living with everything you need located right on the first floor including a spacious kitchen with pantry for extra storage, dining area, and owner s suite with a walk-in closet and double vanity bath, as well as a laundry room conveniently located near the garage entry. Add a morning room, screened or covered porch for entertaining or relaxing outdoors! Use the two additional upstairs bedrooms as a private floor for guests or expand your personal living space with a lower level basement that includes an extra bedroom and full bath. The Beck offers the perfect balance between low-maintenance living and the spaciousness
