About This House

The main level in this amenity-filled single-family home has all the features you'd expect in a contemporary home design, such as a gourmet kitchen with sit-down island, a walk-in pantry, and a mudroom off the garage. If you're one for entertaining or have live-in family, you'll love the private guest quarters option which features a separate living room, bedroom, full bath and walk-in closet. For additional entertaining space, add a finished lower level recreation room or enjoy the outdoors with family and friends on an optional covered or screened porch. A sitting room and enormous walk-in closet in the owner's bedroom are standard features in this new 4-bedroom home. The bedroom level also includes a full-size laundry room, two additional bedrooms with walk-in closets, and a flex space.
