About This House

The Powell on homesite 138 boasts beautiful views of conservation area, which can be enjoyed from the large maintenance-free deck. One of our most popular floorplans, the Powell has a lovely open concept family room, breakfast room and kitchen with a huge center island. The Powell on Homesite 138 also includes the bright and airy morning room perfect for formal dining or a cozy living space. The second floor is home to three secondary bedrooms with access to two full bathrooms and a convenient laundry room. The luxurious owner's suite boasts a large walk-in closet and a spa-inspired bathroom with an oversized shower with seat and two shower heads. This home also features a full brick front, a walk-out basement with finished rec room, large bedroom and full bathroom.
