Versatile living space, thoughtful details and a cul-de-sac homesite make this new two-story home the perfect pick. The main floor offers an entertainment-ready layout, with formal living and dining rooms flanking the foyer and an extended family room (complete with fireplace!) that flows into a gourmet kitchen with an oversized center island. You'll find a lovely sunroom and a private study off the kitchen. Upstairs, a spacious master suite offers a sitting room, walk-in closet and deluxe private bath, complete with a luxurious corner tub, a shower and dual sinks. The second floor also boasts three additional bedrooms and two bathrooms, as well as a laundry room and walk-in linen closet.
