The Clifton offers convenient first floor living with the option of a second-floor loft, third bedroom and third full bathroom for families that need additional space. The beautiful kitchen features a large island and overlooks the great room and covered porch. A flex room in the center of the home is the perfect place for a home office, formal dining room or a quiet place to read. A spacious second bedroom can be found in the front of the home while the relaxing owner's suite with full bath and walk-in closet is privately located in the back of the home.
