PLAN

\$389,990 5 Beds | 3 Baths | 3 Garage

The Jamestown is an expansive 5 bedroom with 3 car garage home design. This home features an elegant formal dining room and family room that opens to the kitchen with abundant cabinetry. Nicely tucked away is a 1st floor bedroom with adjacent full bath. Upstairs are three generous bedrooms, loft and the owner's suite with two walk in closets and relaxing owner's bath. Highlights of this home include a tankless water heater, low maintenance vinyl plank flooring and LED lighting. The kitchen includes timeless granite countertops. Rounding out the Jamestown is a 12x14 deck perfect for outdoor gatherings.
