PLAN

\$529,990 4 Beds | 3 Baths | 2 Garage

The Stapleton single-family home is made for main-level living. Enter the foyer, which seamlessly flows into the dining room. A study provides work-for-home ease. Past the stair and family entry off the 2-car garage, the spacious great room is open to the gourmet kitchen over a large island. The dinette provides a flexible space that's perfect for entertaining. Tucked behind the great room, your luxury owner's suite includes a tray ceiling, double vanity and huge walk-in closet. The 2nd level opens to a loft, 2 additional bedrooms and another full bath. The Stapleton truly stands out. *Prices shown generally refer to the base house and do not include any optional features. Photos and/or drawings of homes may show upgraded landscaping, elevations and optional features and may not
