PLAN

**\$559,990 3 Beds | 2 Baths | 2 Garage**

At the center of this single-story home is an open concept family room with an elegant tray ceiling that brings a touch of luxury and sense of depth to the interior. Connected is the kitchen and dining room, with sliding glass doors that extend to the covered patio. There are three bedrooms, including the owner's suite with its own private patio access. An optional finished lower level adds versatility.
