Welcome to the Spring Hill, our completely reimagined townhome design, where every space inside the home has been thoughtfully planned for your modern lifestyle. Arrive home to a convenient two-car garage and be greeted by an arrival center, powder room, and generous storage closet. The lower level can alternatively be personalized by adding either a study for telework or a private bedroom with full bath. Upstairs is an entertainer's dream. A chef's kitchen with Infinity Island overlooks the dining room and great room, so that the host or hostess is always present for the party. A pantry keeps things tidy and the main level powder room provides guest convenience. But the real star of the Spring Hill is the included outdoor living feature right off the dining room the SkyLanai
