

**St. Charles - St. Charles  
Townhomes**

By Lennar Maryland

PLAN

**\$379,990 2 Beds | 2 Baths | 1 Half Bath | 1 Garage**

This new three-story townhome showcases an appealing contemporary design. The first-floor entry leads upstairs, where an open floorplan connects a family room for shared moments, a kitchen for inspired cooks and a dining room for memorable meals. The third floor hosts a secondary bedroom and an owner's suite, which both have private bathrooms. Options at select homesites include a bedroom on the first floor, and an optional fourth level with additional bedroom, loft and rooftop deck.
