PLAN

\$395,900 3 Beds | 2 Baths | 2 Garage

This single-story home plan offers four different exterior styles to choose from. It starts at 1,700 square feet and features a spacious kitchen that is rarely seen in homes of this size. If you want more flexibility and personalization, you can add up to 10 pages of floorplan options, including a blown-out second story and a cozy morning room... bringing the total square footage of the home to over 2,700 square feet.
