About This Community

Your dream home awaits at Walker Meadows, a private enclave of just 34 one-acre-plus homesites in the Marriotts Ridge area. Finally, you can stretch out with more room to roam on a tranquil homesite backing to tree preserve! These modern homes by NV will amaze, with all the luxury features you expect.

Arrive to a handsome home, with side-load garage and a 4th-car garage option for storing your favorite sporting and camping equipment. Greet guests in style with a stately 8'-door and welcoming front porch - or enter through the owner's entrance and take the day off in your arrival center - a mud room complete with hooks and bench.

Inside, these contemporary floorplans offer flex options which include formal and informal dining, study, ground-floor guest suite, or craft room. The choice is yours! Upstairs, discover an owner's suite worth retreating to - with his & hers closets, spa bath and decorative tray ceiling. And don't forget about our finished recreation room option, a smart way to add 50% more square footage to accommodate a Super Bowl party like you've never thrown!

With a home like this, you'll never want to leave. But there's much to explore around Walker Meadows! Historic downtown Sykesville boasts community events, festivals, boutiques, farmers market, and more where there is something for the whole family.

In just a short ten-minute drive, you could be at Turf Valley, for a resort-atmosphere, golf, dining, and shopping with Harris Teeter. Explore the outdoors at Patapsco State Park with hiking, fishing, camping, canoeing, horseback riding, mountain biking, and picnicking. You could be in Baltimore's Inner Harbor in just minutes, or easily travel to the I-270 biotech corridor in Montgomery County. Plus, the area offers proximity to award-winning Howard County Public Schools.

With only 34 homesites at Walker Meadows, they won't last long! Sch
