**55+ Villas**

## About This Community

Amid steadily increasing housing demand in Baltimore County, a new development means new options for homebuyers aged 55 and older. An age-restricted community built by national homebuilder Beazer Homes, Gatherings® at Perry Hall is being developed in two phases, both featuring attached villas located just a half mile apart on Route 1/ Belair Road in Perry Hall, Md.

The first phase of 29 homes is well underway Perry Hall Station, with options available for immediate move-in. Residents of Perry Hall Station have access to a walking trail and park shared with a neighboring community, plus a covered pavilion and outdoor fireplace for year-round enjoyment. Just up the road, Perry Hall Place is the second phase of Gatherings. Currently under construction, this phase will offer 45 villas and even more outdoor amenities, including gas barbeque grills and pet-friendly waste stations.
