About This Community

The Mather, opening in 2024 in Tysons, is a forward-thinking Life Plan Community for those 62+ where you can let go of worries and embrace opportunities. It's smack dab in the middle of it all, bordering a three-acre urban park and within walking distance of rail service, retail, and restaurants. The Mather's apartment homes range from 800 to 3,300 square feet and feature expansive views, luxury finishes, and innovative smart-home technology. Entrance fees start at \$646,700. The Mather will feature 38,000+ square feet of amenities, including multiple restaurants, spa, fitness center, indoor pool, rooftop clubroom, art studio, meeting spaces, and more! But the true luxury lies in the peace of mind offered by living in an extraordinary Life Plan Community where people can pursue new passions and priorities, with a plan in place that supports aging well.
